REPORT OF TREASURER SHOWS HEAVY RECEIPTS

Council Takes Up Important Business at Regular Meeting

ORDINANCE HELD OVER

Lincoln Avenue Grade Matter Postponed—Light Contract to be Signed

One of the chief features at the regular monthly meeting of council held Wednesday night was the hearing of the report of Treasurer E. W. Hastings for the month just closed. Total receipts of \$25,339.69 for the month was shown. Taxes for the year 1911, collected and turned over to Treasurer Hastings swelled the total receipts. The taxes amounted to \$24,085.64 and the liquor licenses for the year amounting to \$798 were reported in the list of receipts. Disbursements amounted to \$17,559.88. During the month a loan of \$14,000 which helped to tide the borough over a bad financial period was paid off. There is \$9,259.90 in the treasury, this representing an overdraft.

Council did not take up the grade of Lincoln avenue ordinance for final consideration other matters occupying so much of their attention. President J. K. Hein was in the chair and councilmen Frye, Calvert, Davis and Hunt were present.

Chairman Gaut of the light committee reported that an investigation had been made and that the proposition of gas lights for borough lighting did not look feasible. It is probable that at the next meeting a new contract with the West Penn Electric company for street lighting will be signed. In the new contract the borough is to be lighted with 53 1-2 arc lights and a number of Tungsten lights.

Engineer Paul G. Elder was instructed to secure the necessary force of men and put the streets in good shape for the winter. The playgrounds association through its chairman, John B. Schafer and secretary, William Kirk, expressed its appreciation in a communication of council's aid and sympathy in the playgrounds movement during the summer.

Burgess George W. Risbeck reported 57 arrests and fines assessed \$109.95 during the month. All but one of the fines was paid, this sum being served out in lockup. Tax Collector J. W. Mathias reported that he had placed in the treasurer's hands 1909 taxes \$12.35, for 1910 taxes \$6.63 and for 1911 taxes \$24,085.64.

POWER IS GIVEN FOR BRIDE-TO-BE

The members of the L. C. B. A. gave a shower last evening, complimentary to Miss Grace Murphy of Fallowfield avenue, whose marriage to John McKenna of Monessen is an event of Thursday, November 16 in St. Jerome's church. The bride-elect was the recipient of many useful and useful presents. The evening was very pleasantly spent in cards and music. Favors were ordered to Mrs. William McBride, A. Silverman and Miss Anna M. Ivan. A delicious lunch was

WILL PROVIDE CANS FOR WASTE PURPOSES

Council Acts Favorably Upon Suggestion of Prof.

James G. Pentz on Methods to Keep Streets Clean

In hearty support of the idea evolved by Prof James G. Pentz, superintendent of schools to encourage people in the first principles of civic pride, council at their meeting Wednesday night instructed the street committee to procure and locate baskets for waste paper in the business part of the town and in the vicinity of the school buildings. At once the matter will assume the nature of an experiment, which if proven successful as it is believed it will be will be gradually extended to the remainder of the town.

School authorities at the suggestion and under the direction of Prof. Pentz have been conducting a campaign of cleanliness among the school children.

The idea is to inculcate in them the matter of keeping their homes and the streets clean and to properly care for the large quantity of waste paper and debris which collects. In this way they will be educated in civic pride.

Prof Pentz appeared before council Wednesday night and described in some detail his plan. Then he asked council to provide waste baskets for at least a portion of the town. The councilmen lent their enthusiastic support to the idea by taking action looking after the placing of baskets.

Monessen has cans located throughout the borough as waste receptacles and other progressive towns and cities have adopted the same method. The benefit derived is incalculable.

EVANGELIST BURROWS HERE

Noted Churchman Arrives Fresh From Wonderful Campaign at Windber

MEETINGS ARE STARTED

Fresh from an immensely successful series of evangelistic meetings at Windber, Rev E. A. Burrows, a Methodist Episcopal of national reputation, began a series of meetings at the Methodist church Wednesday night. Rev. Burrows and Prof R. A. Jennings, his song leader, were to arrive on Tuesday evening but Rev. Burrows went home to vote and did not arrive until last night when he preached his first sermon.

In his first sermon Rev Burrows showed much force as an evangelist. Taking a lesson from Samuel's life of Bible times, he drew pictures of "corner-grocery" and "fence-rail Happy Hooligans," whose influence held back the Christian development of a community. Rev. Burrows through a mistake did not arrive until just in time to begin his sermon and for that reason worked under difficulties. Prof R. A. Jennings, who is a product of Washington county conducted a singing service.

The series of meetings at Windber held by the two evangelists attracted much attention. Thousands attended nightly. This afternoon a service will be held at the church here and this evening's services will be at the usual hour.

ELCO FAVORS A. P. BARNUM

Vote at Up River Village Shows Strong Sentiment for Candidate

Barnum proved the favorite among Elco voters on Tuesday, polling 83 votes for county commissioner. The Republican ticket found a heavy support and the Socialist vote was surprising. Elco results are:

County Commissioner—Berry R, 30; Hill R, 23; Smith D-K, 8; Barnum D-K, 83; Ferguson P, 1; Alter S, 18; Donelson S, 16.

County Treasurer—Downer R, 42; McCarrell D-K, 25; Campbell P, 2; Stewart S, 29.

Prothonotary—Lewis R, 46; Martin D-K, 25; Goaziou S, 21.

Sheriff—Lutton R, 60; Murdock D-K, 18; Russell P, 2; Rice S, 22.

Clerk of Courts—Lockhart R, 29; Chalfant D-K, 36; Miller S, 28.

District Attorney—Miller R, 48; Dennison D-K, 22; Waugh S, 26.

Coroner—Heffran R, 60; Ferguson D-K, 11; Green P, 2; Johnson S, 25.

Register of Wills—Parshall R, 46; Bristor D-K, 16; Brownlee P, 3; Grimes S, 30.

County Surveyor—Chaney R-P, 46; Adams S, 36.

Director of the Poor—Browneller R, 41; Wolfe R, 33; Buchanan D-K, 27; Stout D-K, 13; Clark P, 3; Burns S, 26; Mahieu S, 27.

WESTMORELAND DEMS GET TWO

Break Republican Front and Capture Important County Offices

SOME SURPRISE NOTED

With the returns in from all but 11 of the 181 voting precincts in Westmoreland county, it is certain two Democratic candidates have been elected. Charles D. Coptland, Democrat, has a lead of 800 over Judge John B. Steel, Republican candidate for reelection. James Cramer, a railroad engineer of Youngwood, who was candidate on the Democrat ticket, for county treasurer, wins out by about 1,000 over Berkey H. Boyd. Sheriff John E. Shields, who fought to vindicate himself of the charges that have been made against him by being elected county commissioner, is second on that ticket. W. D. Reamer leading it. George Berchbill will be the minority member of the board. David A. Miller was reelected by a big majority for register of wills. Dr. L. C. Thomas of Latrobe gets another term as recorder of deeds and Dr. H. A. McMurray was re-elected Coroner.

The liquor interests fought Boyd on account of his record as a local option advocate in the Legislature, and this is thought to be responsible for his defeat.

LUTHER LEAGUE HOLD A MEETING

Interesting Program is Rendered at Session Held at Monongahela

A number of members of the local Lutheran church and their friends went to Monongahela Tuesday evening to attend the meeting of the Tri-Luther league, which was held in the Grace Lutheran church of that city.

C. H. Dils of Monessen had an interesting paper on "The Individual's Part in Making the Meeting Interesting" and Miss Nelle Moore delighted the audience with a solo. Miss Mary Smith of Monessen is secretary of the organization and submitted her reports during the business session of the meeting. Following the literary program a social hour was enjoyed by those present.

The program in full was as follows: Anthem by the choir, Monongahela; Psalm, Gloria; Scripture Lesson, and Prayer; Hymn; Appointment of Committees; Paper, "Making the Most of the League for Personal Benefit," by Robt Worthington, Charleroi; Paper, "The Individual's Part in Making the Meeting Interesting," Mr. C. H. Dils, Monessen; solo, Miss Nelle Moore, Monessen; Paper, "Work the Leagues Might do for Their Communities," Miss Fay Wagoner, Monongahela; General Remarks on the Topics Discussed; Reports by the Leagues; General Business; Closing Service.

COMPLETE VICTORY FOR THE REPUBLICAN TICKET

W. C. T. U. In Session

Report of National Convention Chief Feature of Good Meeting

The regular meeting of the W. C. T. U. was held at the home of Mrs. John Crawford on Tuesday evening. After the regular business of the Union was transacted the president, Mrs. Emma Dawson gave a glowing report of the National convention of the W. C. T. U. held at Milwaukee, October 26, where delegates from Maine to California met to discuss plans and methods to rid the country of the evil of intemperance. Mrs. C. C. Wright then gave a favorable report of her Loyal Temperance Legion work among the children, after which the Union adjourned to meet Tuesday evening November 21 at the residence of Mrs. J. T. Hackett.

TOSSERS SET FOR OPENING

Charleroi Basketball Team to Play Game Wednesday

FIXING UP LOCAL RINK

With a team in the Central Basketball League that will give the erstwhile leaders reason for bad dreams at night, the Charleroi club will open its season at home next Wednesday. The fast Uniontown five under Andy Sears will be here to oppose "Jacky" Adams' outfit. The league season will be opened over the circuit on Monday. On that date Manager Adams will have his team at Connellsville. On Tuesday a game will be played at Southside.

All local games will be played at the Charleroi skating rink and it has been undergoing repairs to put it in shape. The balcony will be used for seating purposes. All told there will be a seating capacity of about 800.

Much enthusiasm is being shown now in the Charleroi team. Adams is a manager who believes in results and himself one of the neatest little forwards that ever put foot on a basketball floor, he will set a pace that his teammates will have to go some to follow. He played forward with Uniontown's fast team last year.

As a co-partner on the forward, Manager Adams will have J. Brown, who played with Uniontown last year. Either A. Brown of Uniontown or Jones, a young chap from the Pittsburgh vicinity, who is rather an unknown quantity to the league players generally will jump center. Guards

(Continued on fourth page.)

Friday Night Dancing School.
Prof Oatman will teach the Skibo.
Class 7:30. Noskoff Brothers of
Pittsburg will furnish the music. 57-16

Pluralities Range All the Way From 50 to 3,542

LEWIS STILL IN DANGER

Official Count Eagerly Awaited to Determine Prothonotary Vote

With unofficial returns from all the precincts except for poor director, the result shows the election of the entire Republican county ticket by pluralities ranging all the way from 50 to 3,342. The officials chosen as the returns indicate are:

Sheriff—R. G. Lutton.
County Commissioner—John A. Berry, Thomas Hill.

District Attorney—R. G. Miller.
Treasurer—S. M. Downer.
Clerk of Courts—W. S. Lockhart.
Prothonotary—A. V. Lewis.
Register—Boyd C. Parshall.
Coroner—James T. Heffran.
Director of Poor—H. D. Browneller, Dr. R. W. Wolfe.

County Surveyor—Geo. S. Chaney. The official count will not affect any of these officials with the possible exception of Dr. A. V. Lewis for prothonotary, where 26 votes deducted from his count would give the office to his opponent, Joe W. Martin of California. The unofficial returns give Lewis a lead of but 50.

For sheriff Lutton has a majority of 3,342 over Murdock, his Democratic-Keystone opponent. This is the largest majority received by any of the candidates. For commissioner Berry's majority over Barnum is 1,097; Hill's majority over Barnum, 1,037; Barnum over Smith, 293. Miller for district attorney is one of the high men, his majority over Dennison being 2,682.

Downer beats McCarrell for treasurer by a majority of 1,356. Lockhart for clerk of courts, wins over Chalfant by 1,651 majority. Parshall beats Bristor for register by 1,443, and Heffran for coroner has a safe margin of 1,997 over Ferguson.

Both Berry and Wolfe have the average majorities over their opponents for poor director, but it is not yet certain whether Buchanan or Stout will be the minority member of the board.

Will Give Oyster Supper.
Charleroi Council 1240 Royal Arcanum will celebrate Charter Day of the Order on Monday, November 13, with an oyster supper and entertainment at the P. H. C. Hall. Charleroi Council is planning a series of entertainments to be held during the coming year.

Funeral Well Attended.
The funeral of Louis Bultez, late of Fallowfield avenue was held Wednesday afternoon at 3 o'clock at the home. A large number of friends attended, including members of a French lodge of which Mr. Bultez was a member. Interment was in the Charleroi cemetery.

Card of Thanks.
We wish to express our most sincere thanks to our many friends and neighbors and also the Eagles lodge for their sympathy and many kind acts shown us during the illness of our beloved father.

THE SPREAD OF SOCIALISM

One of the results of the late elec-
tion is the conclusive evidence that
the Socialist party is destined to become
the party of opposition to the Repub-
lican party in Pennsylvania. The
Democratic party is no longer in the
running, as the organization is now
being maintained solely to take ad-
vantage of the patronage and per-
quisites that fall to the minority
party. While there are still thou-
sands of individuals who cherish the
traditions of Thomas Jefferson, when
the Democrat party was founded as
a party of protest against special
privilege, and was the party of the
plain people, the leaders in this State
have used the organization so ef-
fectually for the personal advantage
of a few, and to trade with the Re-
publican organization that the young-
er generation has no confidence in it
as a party of protest against the po-
licies of the dominant party. Conse-
quently the people are turning to
Socialism.

This is evidenced on all sides by
the tremendous increase in the Social-
ist vote throughout the State. In our
own town it has grown three-fold with-
in the past five or six years. While
the extreme views of Socialism—that
of the State owning and controlling
all productive enterprises—is repel-
lant to many people, there are other
principles, and they are many, which
are highly practicable and conducive
to the well-being of society. The in-
itiative, referendum and recall are the
direct teachings of Socialism, as well
as the municipal ownership of public
utilities and the parcels post. There
are also many other principles advo-
cated by the Socialist party that are the
inherent rights of the people, but
from which they are now debarred
through the machinations of special
interests to maintain through politi-
cal alliances. The people are begin-
ning to be clamorous for their rights,
and to turn to the party which offers
the best means of protest against ex-
isting conditions.

Great and glorious has been the
record of the Democratic party—the
party of Jefferson, the exponent of the
rights of the plain people—founded as

a party of protest against special
privilege, but wrecked on the rock of
human slavery; and equally great and
glorious has been the career of the
Republican party, founded as a party
of protest against human slavery,
but now stranded on the shoals of
plutocracy, special interests and priv-
ilege. Each of these parties contain
the seeds of revivification, but unless
they return to their original principles
they will no longer attract the young-
er generation who are more interest-
ed in the present than in the past.
Socialism as a party of protest is
affording the only opposition now to
economic ills, and the people are flock-
ing to the folds of that party. Its
propaganda contains some able ex-
ponents, and its efforts are tireless in
spreading its doctrine among the peo-
ple. Its greatest weakness at the
present time is the extreme radical-
ism of some of its leaders and writers,
but many people are accepting the
principles with modifications to suit
existing conditions.

Socialism is the only alternative
at the present time to maintain an
equitable economic balance, and it
will displace the Democratic party in
this State unless the latter returns to
its original principles.

WINTER SPORT.

The effort to introduce professional
basketball in Charleroi as a winter
indoor sport, is one that is worthy of
consideration by those who are inter-
ested in athletics. With the cessation
of out-door sports, baseball and foot-
ball, there is a long period of inac-
tivity which may be supplied by or-
ganized sports of various kinds in-
doors. These are all beneficial in var-
ious ways, and tend to promote so-
cial fellowship, physical exercise at a
time when it is most needed, as well
as recreation for a large class inter-
ested in skill and physical strength.
Of these perhaps basketball and bow-
ling are the most popular and each
have a large number of ardent de-
votees in this community.

The introduction of a strong league
basketball team in Charleroi is some-
what of an experiment, but it depends
upon the patronage bestowed whether
it will be permanent or not. While
there are perhaps more people who
do not take any interest in basketball
than those who do, it is largely a mat-
ter of development. Those who at-
tend the games become interested in
the sport the same as baseball, and
are usually enthusiastic. Like base-
ball the sport is clean and healthy, in
which physical strength, skill and
ability figure, and some interesting
contests are developed. Something
like this is needed to take the place
of amusements that may become
more or less demoralizing and for
this reason the project deserves all
the encouragement that can be given
it.

ELECTRIC SPARKS

Oh well, some of us are still
cheerful

Champ Clark professes to be pleas-
ed with the returns. That word
pleased is quite familiarly used in
that sense.

According to Dr. Charles Eliot
pugilism is better than football
which is next to aviation the worst
thing there is. Dr. Eliot can have
his way so far as we are concerned.

Now that election is over people
with a mania for prognosticating
will have to seek other fields of con-
quest

It couldn't be called the irony of
fate for a preacher candidate to win
for county treasurer in Blair county.

The Turks are minus at least one
big gunboat but Italy doesn't have it.

Wagers are being placed that
Roosevelt will be the next president
Such a pleasant thing might happen,
still money would look safer in the
hand than in a bush to 100,000,000
people.

It's too bad that a stove-pipe hat
can't smoke out the cobwebs.

In at least one respect peace is
very much like war—the commissary
department is always in demand.

When they get these silent motors
installed in all automobiles the meek

man will have smaller chance than
ever.

I never shall be president—
I'll be quite frank about it—
And so I'll try my very best
To get along without it.
I'll just be happy modestly
And wield no battle-axes,
But cuss the government every day
Because I've paid my taxes.—Philo-
delphia Star

Possibly the reason President Taft
never considered visiting Charleroi is
because there is no golf links around
here. A chance for another industry.

Anyhow removing those Carolina
poplars will save the trouble of rak-
ing up a lot of leaves.

PICKED UP IN PASSING

"Has it ever occurred to you that
the Socialist party is going to be the
great opposition party to Republi-
canism in Pennsylvania, unless there is
a decided change in public opinion?"
asked a Charleroi citizen, who keeps
close tab on public affairs. "Have you
noted the results of the last election?
If not just study the Socialist vote in
this section and you will readily be
convinced that my first statement is
prophetic.

"For the last half dozen years the
Socialist vote in Charleroi has been
in the neighborhood of 25 or 30 votes,
but of late it has been gradually gain-
ing, until at Tuesday's election it
polled more straight party tickets
than did the Democratic party. Some
of the local candidates polled as high
as 113 votes, while the average per-
haps was in the neighborhood of 75.

"But this is not all. I notice by the
newspapers that in Lawrence county
a part of our own Congressional dis-
trict, the Socialists have elected a
mayor in the city of New Castle as
well as a number of the councilmen.
They also claim to have elected the
mayor of Reading. In the borough of
South Connellsville I notice the So-
cialists elected a burgess, a majority
of the council, two justices of the
peace, constable and auditors. In Al-
toona the Socialist candidate for may-
or received 1,600 votes out of a total
of 8,300 cast in that city, and in Ve-
nango county is required the full count
to determine whether the Democrats
or the Socialists had captured the
minority offices in that county. The
Democrats won by a small plurality.

"Monessen Socialists had a local
platform that advocated a public
economic policy which was so pal-
pably equitable in the most of its pro-
visions, that only popular prejudice
prevented hundreds of voters from
casting their ballots for the Socialist
candidates for councilmen. In Wash-
ington one of the Socialist candidates
for school director polled 214 votes,
and the ticket in Donora showed up a
following of 100. In Monongahela the
Socialist vote was 117, the highest

ever polled in that town. The same
ratio of gain will in a remarkab-
ly short time put the Socialist party
to the front as the leading minority
party in the State, as well as the most
aggressive opposition to the Republi-
can party."

Nails in Hard Wood.

It will be found almost impossible
to drive thin steel nails into hard
wood, for the moment you hit them
hard enough to puncture the wood
they bend over on themselves.

Many people employ the use of a
small gimlet to bore the hole destined
to hold the nail, and few people know
that if yellow soap is rubbed on the
nail it can be driven in the hardest
wood with ease.

This trick was learned by a carpen-
ter, who discovered it accidentally.

Now whenever he is working with
hard wood he keeps a cake of soap
near by and sticks it full of nails,
using them as he needs them.

He also has a deep hole cut in the
handle of his favorite hammer and
keeps it filled with soap in which to
stick the nails if the cake of soap is
not conveniently near.

Moth Balls in the Orient.

"You will find strange names for or-
inary things in the Far East," said
an American who has recently been in
those parts.

"When I struck Singapore I had a
lot of heavy clothes with me which
had been necessary on a journey
across Siberia. I decided to put them
away in a trunk, but thought I would
set some moth balls from a drug store.
"Moth balls?" repeated the chemist
with a stare.

"Why, yes; those things that you
put in clothes to keep moths out," I
explained.

"Oh," he said, intelligence showing
in his eyes, "you mean apthalated
tablets."

For the Teeth.

The chemical action of peroxide of
hydrogen upon gold teeth, which
makes an unpleasant taste in the
mouth, can be destroyed by using salt
with the liquid. Its whitening virtues
are excellent.

CHARTER NOTICE.

Notice is hereby given that an ap-
plication will be made to the Gov-
ernor of Pennsylvania on the twenty-
seventh day of November, A. D. 1911,
by George F. Rylands, Charles B.
Bartley and R. H. Rush, under an Act
of Assembly, entitled "An Act to pro-
vide for the incorporation and regu-
lation of certain corporations," ap-
proved April 29th, 1874 and the sup-
plements thereto, for the charter of
an intended corporation to be called
R & B Lamp Company," the character
and object of which are the manufac-
ture and sale of lamps and lighting
apparatus, and supplies, appliances
and equipment therefore, and for
these purposes to have, possess and
enjoy all the rights, benefits and priv-
ileges of said Act of Assembly and
the supplements thereto

Clean, dry heat, with no
smoke or odor and with
no flying ashes or soot—
that is what you get with
a Perfection Smokeless
Oil Heater.

PERFECTION SMOKELESS OIL HEATER

The Perfection is the most reli-
able and convenient heating device
you can find. It is always ready
for use. There are no pipes or
flues or wires to bother you. You
can pick it up and take it wherever
extra warmth is wanted.

Every mechanical improvement that
experience could suggest was already
embodied in the Perfection Heater.
This year we have tried to add to its
appearance. The drums are finished
either in turquoise-blue enamel or plain
steel, as you prefer; nickel trimmings;
as ornamental as it is indispensable to
comfort.

A special automatic device absolutely prevents
smoking. All parts easily cleaned. Gallon foot;
lasts nine hours. Cool handle; damper top.

Dealers everywhere; or write for descriptive circular to

DON'T FORGET THIS

Wise Men and Women Know

that most of the sicknesses of life come from inactive bowels and from unhealthy condition of the organs of digestion. If your digestive system is not working right, your food does not nourish you—poor blood and weakness follow; if your bowels are inactive—waste matter poisons the whole system and serious sickness is sure to follow. To take promptly

BEECHAM'S PILLS

is to save yourself trouble and expense. Gentle, but quick; safe, but thorough, they enable the bowels to carry away waste matter naturally and tone up the whole digestive system. They will not injure the most delicate. They help you to get your bowels and your digestive organs in that condition when they can take good care of themselves and of you. Beecham's Pills

Do Good Naturally

For females, Beecham's Pills are specially suitable. See instructions with each box. Sold Everywhere in boxes, 10c. and 25c.

Practice Will Make Perfect.

Practice thyself even in the things which thou despise of accomplishing. For even the left hand, which is ineffectual for all other things for want of practice, holds the bridle more vigorously than the right hand; for it has been practiced in this.—Marcus Aurelius.

Spanish Hen Holds Record.

The eggs of the Spanish hen, weighing seven to the pound, are the largest produced.

How About It?

It may also be true that the rolling moss gathers no rocks.

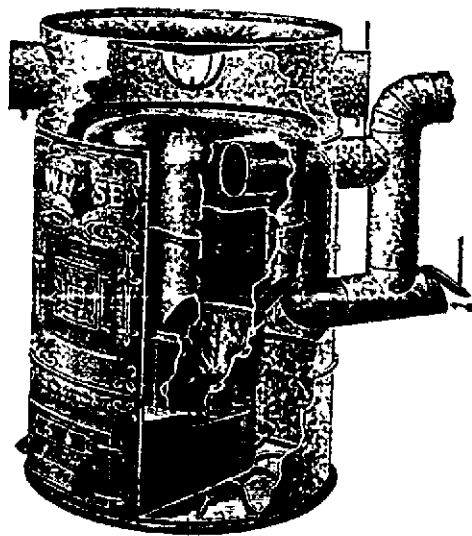

YOUR DRUGGIST STOPS THAT ITCH

If you are suffering from Eczema, Psoriasis or any other kind of skin trouble, drop into our store for instant relief. We will guarantee you to stop that itch in two seconds. A 25c trial bottle will prove it. We have sold other remedies for skin troubles, but none that we could recommend more highly than the well known compound of Oil of Wintergreen, Thymol and a few other ingredients that have wrought such wonderful cures all over the country. This compound, known as D. D. D. Prescription, will cool and heal the itchy, burning skin as nothing else can. Get a regular bottle and see—on our no-pay offer.

Author Will Appear Here

Strickland W. Gillilan Second Attraction on Entertainment Course

Strickland W. Gillilan, a noted entertainer and lecturer, will appear at School Hall tomorrow evening as the second attraction in the Citizen's Entertainment course, and if advance press notices are authentic, Charleroi people who go to see and hear him are promised a good time. Mr. Gillilan has been on the entertainment platform a number of years and thus far has made good. He will be remembered as the author of the familiar ballad: "Off agin, on agin, gone agin, Finnegin," and has contributed many humorous and serious writings to the world of literature.

Mr. Gillilan is also known to local readers of the Ladies Home Journal to which in the past he has been a contributor. His natural attitude for writing poetry has found outlet in many excellent verses published in this journal.

CHILDREN INJURED

Ordinary Cathartics and Piles and Harsh Physic Cause Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most desirable remedy, which we know, for constipation and associated bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. Carroll's Drug Store, 623 Fallowfield Ave., Charleroi, Pa.

ELECTRIC POWER FROM WIND

Economical Lighting Plants Can Be Based on It, With Gasoline Motors to Help.

There has never been a time when the forces of nature were subjected to such searching scrutiny to determine their availability for the development of mechanical power as they receive at present. This arises mainly from the aggressive use of electricity.

Among other things it is believed that the wind can be utilized to a far greater extent than in the past, especially for electrical lighting. With this object in view the average state of the wind has been investigated in England. It is found that for approximately half the time the mean wind velocity is ten miles an hour, and for about one-third of the time fifteen miles. In the winter the average is higher. The great difficulty arises from the calm periods, which may last days, or even a week, but it has been shown that economical lighting plants can be based upon wind power by providing gasoline motors to take up the work whenever the wind falls.

Not at Home.

A New York lawyer sent his office boy to deliver a note marked "Mr. Williams, Personal." In a few minutes the boy returned with his report: "Mr. Personal was not in," he said.

Draws the Line at Files.

We try to sympathize with our dumb animals in their afflictions, but somehow it is rather difficult for us to feel very sorry for the common house fly who ventures too far into our paste pot.—Ohio State Journal.

Aptly Described.

An Italian woman was asked in court if she had any musical instruments in her home. "No, signor," she replied, "nothing but rackets." "What?" queried the lawyer. "Rackets—the things they put in graphophones."

The Daily Newspaper

All experienced advertisers acknowledge that familiarity by the public with the name and nature of their wares is one of the first essentials of success. To attain this familiarity the eye must be appealed to, and appealed to repeatedly. Sporadic appeals are as useless as a bucket of water thrown on an arid plain. What the eye sees the mind holds, but they must see it daily—and the daily newspaper offers the only stable opportunity for the direct aim at the vision. The story told in the daily newspaper, day after day, is impressed on the mind. This impression is a valuable factor.

The Charleroi Mail reaches practically every English reading household in Charleroi, besides circulating up and down the river. At no time in the history of Charleroi has any Charleroi newspaper been so widely or eagerly read than is the Mail at the present time.

Over 7,000 persons read the Charleroi Mail every day

Can an advertiser by any other means reach the eyes and ears of so many people in a single day?

What would the bill distributor charge you for distributing 8,000 bill a day? Compare the cost of the bills and the distribution with the cost of an advertisement in the Mail.

PRINCE MIGHT GET SHOT

But Mrs. Pattison Was Willing Her Husband Should Face the Burglar Alone.

Mr. and Mrs. Pattison awakened suddenly. Both thought the noise came from the basement.

"Better go and see what that is," said his wife uneasily. "It may be a burglar!"

"Oh, I hardly think it's a burglar," Pattison said as he turned over in bed.

"Yes," his wife returned, "but then it might be. Oughtn't you to go and investigate?"

Pattison never had gone in much for burglar chasing, but he wasn't afraid of a burglar. Or if he was he wasn't going to let his wife know it. He arose from his bed and strode bravely forth, stubbing his great toe as he did so.

Then he paused to think what would be the best way to approach the burglar. He thought and thought and by and by a thought came out. He would call little Prince, Mrs. Pattison's pet dog, and have him go on ahead and bark an occasional bark. "Then," thought Pattison, "if there really is a burglar in the basement like as not he'll run before I get there."

Prince up to that time didn't know there was a burglar around.

Pattison called the dog softly: "Heah, Prince," he whispered, "heah! heah!"

Mrs. Pattison heard the hoarse whisper for the dog. "Why, George," she exclaimed in alarm, "you're surely not going to take Prince down with you after the burglar!"

"Why, er—ah—the fact is," bluffed Pattison, "I thought if I took the dog along he might help me find the burglar."

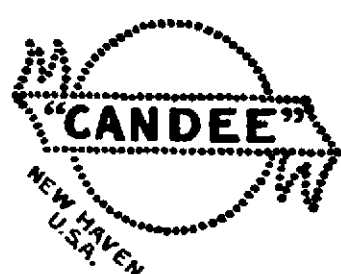

"Yes," retorted his wife, "but Prince might get shot!"

SELECT your fall and winter knit underwear carefully. Make sure that it possesses comfort—warmth—wear. Be doubly certain that it will fit your body smoothly—without bulk.

ATHENA UNDERWEAR
For Women, Misses and Children

is made in firmly knitted elastic fabrics that do away with wrinkles under the corset—a great cause of discomfort in the ordinary underwear.

Athena underwear fits the figure with the smoothness of a silk stocking. It insures comfort without bulk—daintiness with wearability.

Here are some of its special merits:

A patented seat that gives extra room where room is most needed. A special stay that prevents the garment from stretching over the shoulder. An elastic cuff that holds the sleeve in place and keeps it from slipping up on the arm. Trimming put on in an improved way, giving exquisite daintiness that is not lessened by washing.

In all shapes and fabrics at the price you usually pay. Try Athena for the children. A perfect fit for all ages—from two to sixteen years.

YOUR KIDNEYS NEED CLEANING

Every Person, Healthy or Unhealthy, Ought to Give the Kidneys a Thorough Cleaning Right Now.

You clean your teeth daily. You wouldn't think of doing otherwise and yet the teeth are not one tenth so important to health, strength and a long life as the kidneys.

Do you know that the kidneys are little strainers or fine sieves, through which every drop of blood in the body passes again and again?

And when the kidneys become clogged they are unable to strain the impure matter from the blood and it stays in the blood and causes disease in various parts of the body. Take rheumatism, for instance, this terrible

disease is caused by uric acid in the blood, and uric acid gets into the blood only when the kidneys are clogged up and are unable to properly strain the impurities.

Just go to W. F. Hennings today and get a bottle of Thompson's Barosma, the most scientific kidney, liver and bladder regulator the world has ever known, take it regularly for two weeks and all the impure matter in your kidneys will pass out through the bladder, and your kidneys will be as pure and clean and healthy as any kidneys can be.

Thompson's Barosma is guaranteed by W. F. Hennings to cure all diseases of the kidneys, liver and bladder or money back. It is a wonderful tonic and blood purifier, and will bring the glow of health to the cheeks of the sick in a short time. 50 cents and \$1.00 a bottle. All druggists.

I'll Look Around a Little

THAT'S what four lookers said Saturday afternoon. We were satisfied. Within an hour three of them were back and bought the shoes they had tried on, and the universal opinion was that

"Our Shoes Fit Better, Have More Style Than any in Town and Prices No Higher."

It pleases us to have people make comparison. It's the only way to tell who has the best.

Adolph Beigel

502 Fallowfield Ave. Charleroi, Penna.

DUVALL LEADS LOCAL TICKET

Republican Ticket Shows Local Strength—Other Political Notes

David R. Duval one of the councilmen elect, was high man in the borough election Tuesday. He received 680 votes. R. C. Mountsier and W. D. Pollock came next, receiving 645 and 603 votes respectively for school director, to which each was elected.

It was not generally known that Charleroi had a woman candidate for school director. This was Mrs. Margaret Menter who was nominated by the Socialists for school director for the six year term. She received 79 votes. She received more votes than did her husband who was a candidate for council.

It was erroneously stated Wednesday that the highest Socialist vote polled in the borough was 89 for Louis Goaziou of Charleroi candidate for prothonotary. Mr. Goaziou was also a candidate for school director, and on this ticket polled 113 votes.

"Dick" Miller, district attorney elect, was high man in Charleroi on the Republican ticket. He polled 633 votes. Sheriff-elect Bert Lutton was next with 628 votes.

There were many in the valley who predicted that Coroner J. T. Heffran of Speers, would lose out for re-election. "Jimmy" however came to the front with an unofficial plurality in the county of 1,837. He received 608 votes in Charleroi against 268 for Ferguson, his Democratic-Keystone opponent.

"Bert" Lutton for sheriff proved to be the most popular candidate in the county. His plurality is 3,342. It was conceded on all sides that Bert was a winner from the start.

The State Amendments were lost in the shuffle in the borough election. Few people understood their purport, and consequently few took the trouble to vote on the question. In some of the precincts the result was so mixed up that the vote was not posted.

Joe W. Martin, who came within 50 votes of defeating Dr. A. V. Lewis of Donora for prothonotary in the county received the highest Democratic-Keystone vote in Charleroi. His vote was 332 to 502 for Lewis. "Packer" Barnum of Allenport, who will be the minority commissioner, received 330 votes, and King Chalfant of Speers, for clerk of courts, received 325 votes in the borough.

ELECTION CONTEST IS IN PROSPECT

Friends of Dr. A. V. Lewis of Donora are today congratulating him—not on his election as prothonotary of Washington county, but on his escape from defeat. With complete returns from all the precincts Dr. Lewis leads his Democratic-Keystone opponent, Joe W. Martin of California, by the slender margin of 50 votes, which the officials count may change. Had not many tickets that were marked twice for Martin, who was on the Democratic-Keystone ticket, been thrown out as defective, Martin would have been the winner.

It is stated by some of Martin's friends that he will contest the election in case the official count does not change the result. The claim is put forth that the ballots were printed wrongly, in bracketing both party names against one candidate—that the proper and legal way is for each name to be printed opposite the party it represents, no matter how many times it appears on the ballot. Another claim is that in throwing out the ballots that were marked twice the spirit of the law was not observed, which states that votes shall be counted when the intent of the voter is apparent.

Martin would not make any statement this morning. He is waiting until after the official count is completed, but it is understood that he is taking steps to at least investigate the matter.

How It Worked. "How did that assembled car of yours work, Slithers?" asked Bildad. "Oh, like a good many other assemblies—when we got out on the road with it there'd always be some kind of a deadlock, and we couldn't pass anything," said Slithers.—Harper's Weekly.

Famous Sumatra Wrappers. Sumatra is famous the world over for its cigar wrappers, and tobacco plantations have spread to neighboring islands.

PITT HAS STRONG GAME SATURDAY

Only three more games remain on the University of Pittsburgh football schedule. Villa Nova college is met at Forbes Field, Pittsburgh, next Saturday, November 11 and the following Saturday, November 18 is the date scheduled for the annual championship clash with Washington & Jefferson in the Smoky City. On Thanksgiving Day, November 30, the Penn State eleven, conqueror of Old Penn and Cornell, invades Pittsburgh for the annual game with the Blue and Gold.

The game this Saturday with Villa Nova will be no sinecure for Pitt, according to all reports. Last Saturday the Eastern eleven held Marquette college, one of the strongest aggregations in the middle northwest, to a 0-0 score. Earlier in the season it played an 18-0 game with Penn State and was only beaten by University of Pennsylvania 22-0. It is a big beefy team which will give the best college elevens in the country a close argument.

For the W. & J. game, Pitt will have all its regulars back in uniform. Blair and Captain Lindsay will not play last Saturday and may be held out against Villa Nova also, in order that their injuries may heal thoroughly.

W. & J. bend every effort to take this game as Pitt has won for the last two years. The Red and Black has one of the best teams this year in its history. All of its varsity players who did not participate in the West Virginia game last Saturday will be in the fray and from a distance, it looks like anybody's game.

Tickets can be ordered by mail from Graduate Manager L. B. Hurst, 1262 Frick Annex, Pittsburgh. The kickoff of all remaining games will be at 2:30 o'clock.

LOCAL MENTION

Mrs. J. W. Hunter, Mrs. R. C. Mountsier and Mrs. E. C. Niver are spending the day at Elizabeth, the guests of Mrs. Albert Walker.

Born—To Mr. and Mrs. Ed. G. Weltner of Uniontown, Tuesday, Nov. 7, a son.

Rev. H. M. Chalfant, Pennsylvania editor of the American Issue, is here today to visit relatives and to look after matters pertaining to his work.

William Damson of Uniontown, visited relatives in town this morning.

Mrs. H. Lewis of Washington avenue is spending the day in Donora visiting her daughter.

L. P. Flickinger was a business visitor this morning in Donora.

Mrs. S. T. Franks and son Samuel, and the mother of Mr. Franks went to Columbus, Ohio today to visit friends.

Mrs. S. K. Leonard is a visitor in West Elizabeth today with relatives.

Miss Hester Davis went to Clairton this morning to visit friends.

James Blythe was a business visitor in Donora this morning.

Outspoken Youth.

On a recent railway trip a boy of perhaps seven years and his mother occupied the next three in front of me. The boy kept up a running fire of questions as to the name of the next station. The mother was either unfamiliar with the name or too indifferent to be accurate.

When the station was reached the boy demanded the name and on receiving the correct answer said: "You told me a lie before." A similar conversation was several times repeated, the boy each time saying, "That's another lie," and finally he shouted: "You've told me lies ever since we started." A man seated near, becoming exasperated, leaned toward the boy and in a reatening tone said: "Young man, if you don't keep still a while I will throw you out of the window," and the boy, boldly facing the man, said: "And that's another lie!"

London the Greatest Market. London is the world's greatest market for tea and ivory, said Mr. J. G. Broodbank of the Port Authority at the Society of Arts, a few days ago. Each year 120,000 tons of tea and the product of 20,000 elephants reached London. Forty million sheep's fleeces pass through the dock annually. In a warehouse 100,000,000 cigars are stored, and in another 2,500,000 gallons of rum.

Starts Much Trouble.

If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or virulent liver trouble they would soon take Dr. King's New Life Pills and end it. It's the only safe way. Best for biliousness, headache, dyspepsia, chills and debility. 25c at W. F. Hennings.

HUNGRY EDITORS TO GET FEED AT DONORA

Members of Valley Press Association Get Ready for Meeting

Notices have been issued by a committee of a meeting of the Monongahela Valley Press Association to be held in Donora on Saturday evening. Supper will be taken at one of the local hotels, the newspaper men to be the guests of Editors R. E. Koehler and Will H. Watson of the Donora American.

WATCHING STEEL FIGHT

(Continued from first page.)

amount. The preferred and common stock might be exchanged for shares in the same subsidiary companies, but in all cases the new shares would represent the same value and earning power as those to be withdrawn.

The same rule is applicable to the shares of corporation stock held by employees of the corporation as they would be given an equal value in shares of the various underlying companies and the division would be probably along lines they desired. From a sentimental viewpoint it is expected that there will be more or less fluctuation of the value of the shares on the stock markets. The same will be shown, it is said, in the value of bonds. But even in this it is believed that the disturbance will be short lived.

The Conscience of Clara.

One day when Mrs. Bell was making a neighborly call on Mrs. Ellis, the latter, in the presence of her caller, discharged her colored maid, whose obstreperousness could be borne with no longer.

A few weeks later Mrs. Bell again called on Mrs. Ellis, and to her surprise her hostess informed her that Clara was back.

The services of the maid were required by her mistress, who pressed the button in the drawing room. There was, however, no response. Finally Mrs. Ellis went out and waited on herself. While she was gone, Clara, who was acquainted with Mrs. Bell, having served in her family also, put her head in at the door and explained:

"Miss Bell, I heard Miss Ellis all the time, but do you recollect the last time you was here she discharged me, an' said she'd never have me again? I said I'd never come back, too. But here I am, so we bofe lied. That's why I've ashamed to come in. I was ashamed for bofe of us!"

Swiss English.

Swiss English always seems designed to round off the scenery with the touch of humor. For years the best in the writer's collection has been an inscription by a path leading to a waterfall near Meringen, which explained that a toll was necessary for "the fondation and entertaining" of that path. Until last month, however, there was nothing quite equal to the Strasburg cathedral notice: "Express interdiction to circulate during divine service. Beadle have to preserve order." But Switzerland has at last tied with Germany now in the collection. In a certain Oberland valley, too unspoiled yet to be given away by name, there is a series of gates which bear a short request in Oberland German to the wayfarer to close them. And twice it is translated into English "Shut up!"—London Chronicle.

L. ked the P. t.

Sir Thomas Robinson, a wealthy Englishman of the last century, was a tall uncouth man and his appearance was reterred still more striking by his hunting dress, which consisted of a tight green jacket, buckskin breeches and a fur cap. He once set off on his hunting suit to pay a visit to his sister in Paris, and he arrived at the house while there was a large company at dinner.

The servant announced "Monsieur Robinson" and in walked this remarkable figure, to the amazement of the guests.

One of them, a French abbe, lifted his fork three times to his mouth and each time laid it down without tasting the food. Unable at last to restrain his curiosity he burst out eagerly: "Excuse me, monsieur, are you the famous Robinson Crusoe, so remarkable in history?"

Vast Wealth Wasted.

According to the American Machinist, it has been estimated that there is lost annually more than a million and a half barrels of oil by the burning of oil wells.

Card of Thanks.

We desire to express our heartfelt thanks to our friends and neighbors who so kindly assisted us during the sickness and death of our son George. All are gratefully remembered, particularly those who so kindly sent flowers.

REPORT OF TREASURER SHOWS HEAVY RECEIPTS

Council Takes Up Important Business at Regular Meeting

FINANCE HELD OVER

Lincoln Avenue Grade Matter Postponed—Light Contract to be Signed

One of the chief features at the regular monthly meeting of council Wednesday night was the hearing of the report of Treasurer E. W. Hastings for the month just closed. The receipts of \$25,339.69 for the month was shown. Taxes for the year 1911, collected and turned over to the Treasurer Hastings swelled the receipts. The taxes amounted to \$24,085.64 and the liquor license for the year amounting to \$798.15 were reported in the list of receipts. Assessments amounted to \$17,559. During the month a loan of \$14,000 was helped to tide the borough over its financial period was paid off. The balance is \$9,259.90 in the treasury, representing an overdraft.

Council did not take up the grade matter on Lincoln Avenue for final consideration other matters occupying much of their attention. President J. K. Hein was in the chair and Chairman Frye, Calvert, Davis and others were present.

Chairman Gault of the light committee reported that an investigation had been made and that the proposition of gas lights for thorough lighting did not look feasible. It is probable that at the next meeting a new contract with the West Penn Electric Company for street lighting will be made. In the new contract the borough is to be lighted with 53 1-2 arc lamps and a number of Tungsten lamps.

Engineer Paul G. Elser was invited to secure the necessary force men and put the streets in good shape for the winter. The playground association through its man, John B. Schafer and secretary William Kirk, expressed its appreciation in a communication of the aid and sympathy in the playground movement during the summer. Regress George W. Risbeck reported 57 arrests and fines assessed \$9.95 during the month. All but the fines was paid, this sum being turned out in lockup. Tax Collector J. W. Mathias reported that he placed in the treasurer's hands \$909 taxes \$12.35 for 1910 taxes and for 1911 taxes \$24,085.64.

POWER IS GIVEN FOR BRIDE-TO-BE

Members of the L. C. B. A. gave a shower last evening, honorary to Miss Grace Murphy of Allowfield Avenue, whose marriage to John McKenna of Monessen is an event of Thursday, November 3 in St. Jerome's church. The event was the recipient of many useful and useful presents. The evening was very pleasantly spent in cards and music. Favors were given to Mrs. William McKenna, Mr. Silverman and Miss Anna M. Adams. A delicious lunch was

Needy Get a Part of Game

Generous Hunters Provide Meat For Tables of Local Families

Through the generosity of hunters who participated in the recent hunting contest of the Charleroi Lodge of Elks and others game which was left over from the annual game supper Tuesday night has been distributed among families in need here. The Associated Board of Charities and Chief of Police C. W. Albright who is a member of the board attended to the distribution of the game. Nine families who were found to be in most need got the bulk of the surplus game.

WATCHING THE FIGHT ON STEEL

Monessen Steel Men Interested in Corporation Affairs

HOLD BLOCKS OF STOCK

Monessen is vitally interested in the court action of the government to have the United States Steel Corporation dissolved and the suit which was instituted has been a general topic of discussion there. The opinion is freely and universally expressed that no matter how the suit may terminate Monessen will still continue to be known as one of the greatest steel manufacturing centers in the world. Many of the steel workers in the steel town across the river are owners of blocks of stock in the corporation and none of them is losing any sleep over the situation. The men feel that the suit cannot in any way affect the value of their stock and they refuse to become excited. It was thought at first that many of them might get frightened over the situation and offer to sell their stock for considerably less than it had cost them. But no such effect has resulted from the suit and all the stockholders declare most emphatically that they had no intention of disposing of their holdings. The same reports come from Homestead, Braddock, Pittsburgh, McKeesport and other towns in which workmen have invested in the corporation's stock.

As to the bonds with which Carnegie has endowed a score of his philanthropies and libraries, these are in line for a chance with other securities, if as one of the financiers put it "The worst comes." But in all instances, judging from the dissolution plans of the Standard Oil Company, it would not affect them in value. For instance, the first mortgage bonds of Mr. Carnegie might be exchanged for first mortgage bonds of the various subsidiary companies for an equal amount.

WILL PROVIDE CANS FOR WASTE PURPOSES

Council Acts Favorably Upon Suggestion of Prof.

James G. Pentz on Methods to Keep Streets Clean

In hearty support of the idea evolved by Prof. James G. Pentz, superintendent of schools to encourage people in the first principles of civic pride, council at their meeting Wednesday night instructed the street committee to procure and locate baskets for waste paper in the business part of the town and in the vicinity of the school buildings. At once the matter will assume the nature of an experiment, which if proven successful as it is believed it will be will be gradually extended to the remainder of the town.

School authorities at the suggestion and under the direction of Prof. Pentz have been conducting a campaign of cleanliness among the school children.

The idea is to inculcate in them the matter of keeping their homes and the streets clean and to properly care for the large quantity of waste paper and debris which collects. In this way they will be educated in civic pride.

Prof. Pentz appeared before council Wednesday night and described in some detail his plan. Then he asked council to provide waste baskets for at least a portion of the town. The councilmen lent their enthusiastic support to the idea by taking action looking after the placing of baskets. Monessen has cans located throughout the borough as waste receptacles and other progressive towns and cities have adopted the same method. The benefit derived is incalculable.

EVANGELIST BURROWS HERE

Noted Churchman Arrives Fresh From Wonderful Campaign at Windber

MEETINGS ARE STARTED

Fresh from an immensely successful series of evangelistic meetings at Windber, Rev. E. A. Burrows, a Methodist Episcopal of national reputation, began a series of meetings at the Methodist church Wednesday night. Rev. Burrows and Prof. R. A. Jennings, his song leader, were to arrive on Tuesday evening but Rev. Burrows went home to vote and did not arrive until last night when he preached his first sermon.

In his first sermon Rev. Burrows showed much force as an evangelist. Taking a lesson from Samuel's life of Bible times, he drew pictures of "corner grocery" and "fence-rail Happy Hooligans," whose influence held back the Christian development of a community. Rev. Burrows through a mistake did not arrive until just in time to begin his sermon and for that reason worked under difficulties. Prof. R. A. Jennings, who is a product of Washington County, conducted a singing service.

The series of meetings at Windber held by the two evangelists attracted much attention. Thousands attended nightly. This afternoon a service will be held at the church here and this evening's services will be at the usual hour.

ELCO FAVORS A. P. BARNUM

Vote at Up River Village Shows Strong Sentiment for Candidate

Barnum proved the favorite among Elco voters on Tuesday, polling 83 votes for county commissioner. The Republican ticket found a heavy support and the Socialist vote was surprising. Elco results are:

County Commissioner—Berry R. 30; Hill R. 22; Smith D-K. 8; Barnum D-K. 83; Ferguson P. 1; Altz S. 18; Donelson S. 16.
County Treasurer—Downer R. 42; McCarrell D-K. 25; Campbell P. 2; Stewart S. 29.
Prothonotary—Lewis R. 46; Martin D-K. 25; Goazou S. 21.
Sheriff—Lutton R. 60; Murdock D-K. 18; Russell P. 2; Rice S. 22.
Clerk of Courts—Lockhart R. 29; Chalfant D-K. 36; Miller S. 28.
District Attorney—Miller R. 48; Dennison D-K. 22; Waugh S. 26.
Coroner—Heffran R. 60; Ferguson D-K. 11; Green P. 2; Johnson S. 25.
Register of Wills—Parshall R. 46; Bristor D-K. 16; Brownlee P. 2; Grimes S. 30.
County Surveyor—Chaney R-P. 46; Adams S. 36.
Director of the Poor—Browneller R. 41; Wolfe R. 33; Buchanan D-K. 27; Stout D-K. 13; Clark P. 3; Burns S. 26; Mahieu S. 27.

WESTMORELAND DEMS GET TWO

Break Republican Front and Capture Important County Offices

SOME SURPRISE NOTED

With the returns in from all but 11 of the 181 voting precincts in Westmoreland county, it is certain two Democratic candidates have been elected. Charles D. Copeland, Democrat, has a lead of 800 over Judge John B. Steel, Republican candidate for reelection. James Cramer, a railroad engineer of Youngwood, who was candidate on the Democrat ticket for county treasurer, wins out by about 1,000 over Berkey H. Boyd. Sheriff John E. Shields, who fought to vindicate himself of the charges that have been made against him by being elected county commissioner, is second on that ticket. W. D. Reamer leading in. George Berchbill will be the minority member of the board. David A. Miller was reelected by a majority for register of wills. Dr. L. C. Thomas of Latrobe gets another term as recorder of deeds and Dr. H. A. McMurray was re-elected coroner.

The liquor interests fought hard on account of his record as a local option advocate in the Legislature, and his is thought to be responsible for his defeat.

LUTHER LEAGUE HOLD A MEETING

Interesting Program is Rendered at Session Held at Monongahela

A number of members of the local Lutheran church and their friends went to Monongahela Tuesday evening to attend the meeting of the Tri-Luther league, which was held in the Grace Lutheran church of that city.

C. H. Dils of Monessen had an interesting paper on "The Individual's Part in Making the Meeting Interesting" and Miss Nelle Moore delighted the audience with a solo. Miss Mary Smith of Monessen is secretary of the organization and submitted her reports during the business session of the meeting. Following the literary program a social hour was enjoyed by those present.

The program in full was as follows: Anthem by the choir, Monongahela; Psalm, Gloria; Scripture Lesson, and Prayer; Hymn; Appointment of Committees; Paper, "Making the Most of the League for Personal Benefit," by Robt. Worthington, Charleroi; Paper, "The Individual's Part in Making the Meeting Interesting," by C. H. Dils, Monessen; solo, Miss Nelle Moore, Monessen; Paper, "Work the Leagues Might do for Their Communities," by Miss Fay Wagoner, Monongahela; General Remarks on the Topics Discussed; Reports by the Leagues; General Business; Closing Service.

COMPLETE VICTORY FOR THE REPUBLICAN TICKET

W. C. T. U. In Session

Report of National Convention Chief Feature of Good Meeting

The regular meeting of the W. C. T. U. was held at the home of Mrs. John Crawford on Tuesday evening. After the regular business of the Union was transacted the president, Mrs. Emma Dawson gave a glowing report of the National convention of the W. C. T. U. held at Milwaukee, October 26, where delegates from Maine to California met to discuss plans and methods to rid the country of the evil of intemperance. Mrs. C. C. Wright then gave a favorable report of her Loyal Temperance Legion work among the children, after which the Union adjourned to meet Tuesday evening November 21 at the residence of Mrs. J. T. Hackett.

TOSSERS SET FOR OPENING

Charleroi Basketball Team to Play Game Wednesday

FIXING UP LOCAL RINK

With a team in the Central Basketball League that will give the erstwhile leaders reason for bad dreams at night, the Charleroi club will open its season at home next Wednesday. The East Uniontown five under Andy Sears will be here to oppose "Jacky" Adams' outfit. The league season will be opened over the circuit on Monday. On that date Manager Adams will have his team at Connellsville. On Tuesday a game will be played at Southside.

All local games will be played at the Charleroi skating rink and has been undergoing repairs to put it in shape. The balcony will be used for seating purposes. All told there will be a seating capacity of about 800.

Much enthusiasm is being shown now in the Charleroi team. Adams is a manager who believes in results, and himself one of the neatest little forwards that ever put foot on a basketball floor, he will set a pace that his teammates will have to go some to follow. He played forward with Uniontown's fast team last year.

As a co-partner on the forward, Manager Adams will have J. Brown, who played with Uniontown last year. Either A. Brown of Uniontown or Jones, a young chap from the Pittsburgh vicinity, who is rather an unknown quantity to the league players, generally will jump center. Guards

(Continued on fourth page.)

Friday Night Dancing School. Prof. Oatman will teach the Skibo Class 7:30. Noskoff Brothers of Pittsburgh will furnish the music. 57-16

Pluralities Range All the Way From 50 to 3,542

LEWIS STILL IN DANGER

Official Count Eagerly Awaited to Determine Prothonotary Vote

With unofficial returns from all the precincts except for poor director, the result shows the election of the entire Republican county ticket by pluralities ranging all the way from 50 to 3,542. The officials chosen as the returns indicate are:

Sheriff—R. G. Lutton.
County Commissioner—John A. Berry, Thomas Hill.
District Attorney—R. G. Miller.
Treasurer—S. M. Downer.
Clerk of Courts—W. S. Lockhart.
Prothonotary—A. V. Lewis.
Register—Boyd C. Parshall.
Coroner—James T. Heffran.
Director of Poor—H. D. Browneller, Dr. R. W. Wolfe.
County Surveyor—Geo. S. Chaney.
The official count will not affect any of these officials with the possible exception of Dr. A. V. Lewis for prothonotary, where 26 votes deducted from his count would give the office to his opponent, Joe W. Martin of California. The unofficial returns give Lewis a lead of but 50.

For sheriff Lutton has a majority of 3,342 over Murdock, his Democratic-Keystone opponent. This is the largest majority received by any of the candidates. For commissioner Berry's majority over Barnum is 1,097; Hill's majority over Barnum, 1,037; Barnum over Smith, 293. Miller for district attorney is one of the high men, his majority over Dennison being 2,682.

Downer beats McCarrell for treasurer by a majority of 1,356. Lockhart for clerk of courts, wins over Chalfant by 1,651 majority. Parshall beats Bristor for register by 1,443, and Heffran for coroner has a safe margin of 1,937 over Ferguson.

Both Berry and Wolfe have the average majorities over their opponents for poor director, but it is not yet certain whether Buchanan or Stout will be the minority member of the board.

Will Give Oyster Supper. Charleroi Council 1210 Royal Arcanum will celebrate Charter Day of the Order on Monday, November 13, with an oyster supper and entertainment at the P. H. C. Hall. Charleroi Council is planning a series of entertainments to be held during the coming year.

Funeral Well Attended. The funeral of Louis Bultez, late of Allowfield Avenue was held Wednesday afternoon at 3 o'clock at the home. A large number of friends attended, including members of a French lodge of which Mr. Bultez was a member. Interment was in the Charleroi cemetery.

Card of Thanks. We wish to express our most sincere thanks to our many friends and neighbors and also the Eagles lodge for their sympathy and many kind acts shown us during the illness of our beloved father.

THE SPREAD OF SOCIALISM

One of the results of the late elec-
tion is the conclusive evidence that
the Socialism is destined to become
the party of opposition to the Repub-
lican party in Pennsylvania. The
Democratic party is no longer in the
running, as the organization is now
being maintained solely to take ad-
vantage of the patronage and per-
quisites that fall to the minority
party. While there are still thou-
sands of individuals who cherish the
traditions of Thomas Jefferson, when
the Democrat party was founded as
a party of protest against special
privilege, and was the party of the
plain people, the leaders in this State
have used the organization so ef-
fectually for the personal advantage
of the few, and to trade with the Re-
publican organization that the young-
er generation has no confidence in it
as a party of protest against the pol-
icies of the dominant party. Conse-
quently the people are turning to
Socialism.

This is evidenced on all sides by
the tremendous increase in the Social-
ist vote throughout the State. In our
own town it has grown three-fold in
the past five or six years. While
the extreme views of Socialism—that
of the State owning and controlling
all productive enterprises—is repel-
lent to many people, there are other
principles, and they are many, which
are highly practicable and conducive
to the well-being of society. The in-
itiative, referendum and recall are the
direct teachings of Socialism, as well
as the municipal ownership of public
utilities and the parcels post. There
are also many other principles advo-
cated by the Socialist party that are the
inherent rights of the people, but
from which they are now debarred
through the machinations of special
interests to maintain through politi-
cal alliances. The people are begin-
ning to be clamorous for their rights,
and to turn to the party which offers
the best means of protest against ex-
isting conditions.

Great and glorious has been the
work of the Democratic party—the
party of Jefferson, the exponent of the
rights of the plain people—founded as

a party of protest against special
privilege, but wrecked on the rock of
human slavery; and equally great and
glorious has been the career of the
Republican party, founded as a party
of protest against human slavery, but
now stranded on the shoals of
plutocracy, special interests and priv-
ilege. Each of these parties contain
the seeds of revivification, but unless
they return to their original principles
they will no longer attract the young-
er generation who are more interest-
ed in the present than in the past.
Socialism as a party of protest is
affording the only opposition now to
economic ills, and the people are flock-
ing to the folds of that party. Its
propaganda contains some able ex-
ponents, and its efforts are tireless in
spreading its doctrine among the peo-
ple. Its greatest weakness at the
present time is the extreme radical-
ism of some of its leaders and writers
but many people are accepting the
principles with modifications to suit
existing conditions.

Socialism is the only alternative
at the present time to maintain an
equitable economic balance, and it
will displace the Democratic party in
this State unless the latter returns to
its original principles.

WINTER SPORT.

The effort to introduce professional
basketball in Charleroi as a winter
indoor sport, is one that is worthy of
consideration by those who are inter-
ested in athletics. With the cessation
of out-door sports, baseball and foot-
ball, there is a long period of inac-
tivity which may be supplied by or-
ganized sports of various kinds in-
doors. These are all beneficial in var-
ious ways, and tend to promote so-
cial fellowship, physical exercise at a
time when it is most needed, as well
as recreation for a large class inter-
ested in skill and physical strength.
Of these perhaps basketball and bow-
ling are the most popular and each
have a large number of ardent de-
votees in this community.

The introduction of a strong league
basketball team in Charleroi is some-
what of an experiment, but it depends
upon the patronage bestowed whether
it will be permanent or not. While
there are perhaps more people who
do not take any interest in basket-
ball than those who do, it is largely a mat-
ter of development. Those who at-
tend the games become interested in
the sport the same as baseball, and
are usually enthusiastic. Like base-
ball the sport is clean and healthy, in
which physical strength, skill and
ability figure, and some interesting
contests are developed. Something
like this is needed to take the place
of amusements that may become
more or less demoralizing and for
this reason the project deserves all
the encouragement that can be given
it.

ELECTRIC SPARKS

Oh well, some of us are still
cheerful

Champ Clark professes to be pleas-
ed with the returns. That word
pleased is quite familiarly used in
that sense.

According to Dr. Charles Eliot
pugilism is better than football
which is next to aviation the worst
thing there is. Dr. Eliot can have
his way so far as we are concerned.

Now that election is over people
with a mania for prognosticating
will have to seek other fields of con-
quest

It couldn't be called the irony of
fate for a preacher candidate to win
for county treasurer in Blair county.

The Turks are minus at least one
big gunboat but Italy doesn't have it.

Wagers are being placed that
Roosevelt will be the next president.
Such a pleasant thing might happen,
still money would look safer in the
hand than in a bush to 100,000,000
people.

It's too bad that a stove-pipe hat
can't smoke out the cobwebs.

In at least one respect peace is
very much like war—the commissary
department is always in demand.

When they get these silent motors
installed in all automobiles the meek

man will have smaller chance than
ever.

I never shall be president—
I'll be quite frank about it—
And so I'll try my very best
To get along without it.
I'll just be happy modestly
And wield no battle-axes,
But cuss the government every day
Because I've paid my taxes.—Philo-
sophia Star

Possibly the reason President Taft
never considered visiting Charleroi is
because there is no golf links around
here. A chance for another industry.

Anyhow removing those Carolina
poplars will save the trouble of rak-
ing up a lot of leaves.

PICKED UP IN PASSING

"Has it ever occurred to you that
the Socialist party is going to be the
great opposition party to Republican-
ism in Pennsylvania, unless there is
a decided change in public opinion?"
asked a Charleroi citizen, who keeps
close tab on public affairs. "Have you
noted the results of the last election?"
If not just study the Socialist vote in
this section and you will readily be
convinced that my first statement is
prophecy.

"For the last half dozen years the
Socialist vote in Charleroi has been in
the neighborhood of 25 or 30 votes,
but of late it has been gradually gain-
ing, until at Tuesday's election it
polled more straight party tickets
than did the Democratic party. Some
of the local candidates polled as high
as 113 votes, while the average per-
haps was in the neighborhood of 75.

"But this is not all. I notice by the
newspapers that in Lawrence county
a part of our own Congressional dis-
trict, the Socialists have elected a
majority in the city of New Castle as
well as a number of the councilmen.
They also claim to have elected the
mayor of Reading. In the borough of
South Connellsville I notice the So-
cialists elected a burgess, a majority
of the council, two justices of the
peace, constable and auditors. In Al-
toona the Socialist candidate for may-
or received 1,600 votes out of a total
of 3,300 cast in that city, and in Ve-
nango county is required the full count
to determine whether the Democrats
or the Socialists had captured the
minority offices in that county. The
Democrats won by a small plurality.

"Monessen Socialists had a local
platform that advocated a public
economic policy which was so pal-
pably equitable in the most of its pro-
visions, that only popular prejudice
prevented hundreds of voters from
casting their ballots for the Socialist
candidates for councilmen. In Wash-
ington one of the Socialist candidates
for school director polled 214 votes,
and the ticket in Donora showed up a
following of 100. In Monongahela the
Socialist vote was 117, the highest

ever polled in that town. The same
ratio of gain will in a remark-
ably short time put the Socialist party
to the front as the leading minority
party in the State, as well as the most
aggressive opposition to the Republi-
can party."

Nails in Hard Wood.

It will be found almost impossible
to drive thin steel nails into hard
wood, for the moment you hit them
hard enough to puncture the wood
they bend over on themselves.

Many people employ the use of a
small gimlet to bore the hole destined
to hold the nail, and few people know
that if yellow soap is rubbed on the
nail it can be driven in the hardest
wood with ease.

This trick was learned by a carpen-
ter, who discovered it accidentally.
Now whenever he is working with
hard wood he keeps a cake of soap
near by and sticks it full of nails,
using them as he needs them.

He also has a deep hole cut in the
handle of his favorite hammer and
keeps it filled with soap in which to
stick the nails if the cake of soap is
not conveniently near.

Moth Balls in the Orient.

"You will find strange names for or-
dinary things in the Far East," said
an American who has recently been in
those parts.

"When I struck Singapore I had a
lot of heavy clothes with me which
had been necessary on a journey
across Siberia. I decided to put them
away in a trunk, but thought I would
set some moth balls from a drug store.
"Moth balls?" repeated the chemist
with a stare.

"Why, yes; those things that you
put in clothes to keep moths out," I
explained.

"Oh," he said, intelligence showing
in his eyes, "you mean apthalated
spheres."

For the Teeth.

The chemical action of peroxide of
hydrogen upon gold teeth, which
makes an unpleasant taste in the
mouth, can be destroyed by using salt
with the liquid. Its whitening virtues
are excellent.

CHARTER NOTICE

Notice is hereby given that an ap-
plication will be made to the Gover-
nor of Pennsylvania on the twenty-
seventh day of November, A. D. 1911,
by George F. Rylands, Charles B.
Bartley and K. H. Rush, under an Act
of Assembly, entitled "An Act to pro-
vide for the incorporation and regu-
lation of certain corporations," ap-
proved April 29th, 1874 and the sup-
plements thereto, for the charter of
an intended corporation to be called
R & B Lamp Company, the character
and object of which are the manufac-
ture and sale of lamps and lighting
apparatus, and supplies, appliances
and equipment therefore, and for
these purposes to have, possess and
enjoy all the rights, benefits and priv-
ileges of said Act of Assembly and
the supplements thereto.

Clean, Dry Heat

Clean, dry heat, with no
smoke or odor and with
no flying ashes or soot—
that is what you get with
a Perfection Smokeless
Oil Heater.

PERFECTION OIL HEATER

The Perfection is the most reli-
able and convenient heating device
you can find. It is always ready
for use. There are no pipes or
flues or wires to bother you. You
can pick it up and take it wherever
extra warmth is wanted.

Every mechanical improvement that
experience could suggest was already
embodied in the Perfection Heater.
This year we have tried to add to its
appearance. The drums are finished
either in turquoise-blue enamel or plain
steel, as you prefer; nickel trimmings;
as ornamental as it is indispensable to
comfort.

A special automatic device absolutely prevents
smoking. All parts easily cleaned. Gallon font;
lasts nine hours. Cool handle; damper top.

Dealers everywhere; or write for descriptive circular to

thing in this line

DON'T FORGET THIS

Wise Men and Women Know

that most of the sicknesses of life come from inactive bowels and from unhealthy condition of the organs of digestion. If your digestive system is not working right, your food does not nourish you—poor blood and weakness follow; if your bowels are inactive—waste matter poisons the whole system and serious sickness is sure to follow. To take promptly

BEECHAM'S PILLS

is to save yourself trouble and expense. Gentle, but quick; safe, but thorough, they enable the bowels to carry away waste matter naturally and tone up the whole digestive system. They will not injure the most delicate. They help you to get your bowels and your digestive organs in that condition when they can take good care of themselves and of you. Beecham's Pills

Do Good Naturally

For females, Beecham's Pills are specially suitable. See instructions with each box. Sold Everywhere in boxes, 10c. and 25c.

Practice Will Make Perfect.

Practice thyself even in the things which thou despair of accomplishing. For even the left hand, which is ineffectual for all other things for want of practice, holds the bridle more vigorously than the right hand; for it has been practiced in this.—Marcus Aurelius.

Spanish Hen Holds Record.

The eggs of the Spanish hen, weighing seven to the pound, are the largest produced.

How About It?

It may also be true that the roll of moss gathers no rocks.

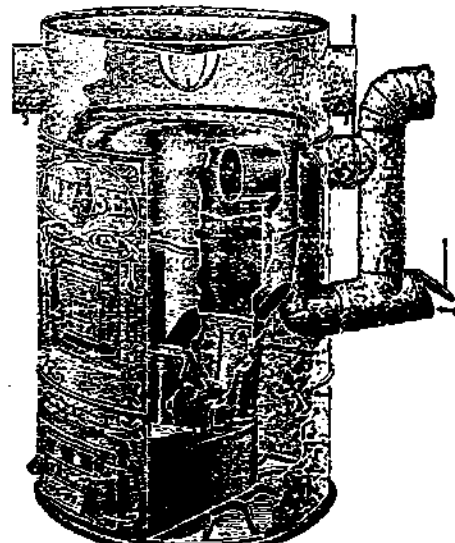

YOUR DRUGGIST STOPS THAT ITCH

If you are suffering from Eczema, Psoriasis or any other kind of skin trouble, drop into our store for instant relief. We will guarantee you to stop that itch in two seconds. A 25c trial bottle will prove it. We have sold other remedies for skin troubles, but none that we could recommend more highly than the well known compound of Oil of Wintergreen, Thymol and a few other ingredients that have wrought such wonderful cures all over the country. This compound, known as D. D. D. Prescription, will cool and heal the itching, burning skin as nothing else can. Get a regular bottle and see—on our no-pay offer.

W. F. HENNINGS.
Fifth Street and McKean Avenue.

WHY NOT BE AS "WISE" AS THE OWL?

By having me heat your residence with a WISE FURNACE you will.

Think this matter over and have me call to see you, and I will make you comfortable.

I repair furnaces that smoke and make them perfectly clean. I also do all kinds of roofing and sheet metal work.

Author Will Appear Here

Strickland W. Gillilan Second Attraction on Entertainment Course

Strickland W. Gillilan, a noted entertainer and lecturer, will appear at School Hall tomorrow evening as the second attraction in the Citizen's Entertainment course, and if advance press notices are authentic, Charleroi people who go to see and hear him are promised a good time. Mr. Gillilan has been on the entertainment platform a number of years and thus far has made good. He will be remembered as the author of the familiar ballad: "Off agin, on agin, gone agin, Finnegin," and has contributed many humorous and serious writings to the world of literature.

Mr. Gillilan is also known to local readers of the Ladies Home Journal to which in the past he has been a contributor. His natural attitude for writing poetry has found outlet in many excellent verses published in this journal.

CHILDREN INJURED

Ordinary Cathartics and Piles and Harsh Physic Cause Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most desirable remedy, which we know, for constipation and associated bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. Carroll's Drug Store, 628 Fallowfield Ave., Charleroi, Pa.

ELECTRIC POWER FROM WIND

Economical Lighting Plants Can Be Based on It, With Gasoline Motors to Help.

There has never been a time when the forces of nature were subjected to such searching scrutiny to determine their availability for the development of mechanical power as they receive at present. This arises mainly from the aggressive use of electricity.

Among other things it is believed that the wind can be utilized to a far greater extent than in the past, especially for electrical lighting. With this object in view the average state of the wind has been investigated in England. It is found that for approximately half the time the mean wind velocity is ten miles an hour, and for about one-third of the time fifteen miles. In the winter the average is higher. The great difficulty arises from the calm periods, which may last days, or even a week, but it has been shown that economical lighting plants can be based upon wind power by providing gasoline motors to take up the work whenever the wind falls.

Not at Home.

A New York lawyer sent his office boy to deliver a note marked "Mr. Williams, Personal." In a few minutes the boy returned with his report: "Mr. Personal was not in," he said.

Draws the Line at Felines.

We try to sympathize with our dumb animals in their afflictions, but somehow it is rather difficult for us to feel very sorry for the common house fly who ventures too far into our paste pot.—Ohio State Journal.

The Daily Newspaper

All experienced advertisers acknowledge that familiarity by the public with the name and nature of their wares is one of the first essentials of success. To attain this familiarity the eye must be appealed to, and appealed to repeatedly. Sporadic appeals are as useless as a bucket of water thrown on an arid plain. What the eye sees the mind holds, but they must see it daily—and the daily newspaper offers the only stable opportunity for the direct aim at the vision. The story told in the daily newspaper, day after day, is impressed on the mind. This impression is a valuable factor.

The Charleroi Mail reaches practically every English reading household in Charleroi, besides circulating up and down the river. At no time in the history of Charleroi has any Charleroi newspaper been so widely or eagerly read than is the Mail at the present time.

Over 7,000 persons read the Charleroi Mail every day

Can an advertiser by any other means reach the eyes and ears of so many people in a single day?

What would the bill distributor charge you for distributing 8,000 bill a day? Compare the cost of the bills and the distribution with the cost of an advertisement in the Mail.

PRINCE MIGHT GET SHOT

But Mrs. Pattison Was Willing Her Husband Should Face the Burglar Alone.

Mr. and Mrs. Pattison awakened suddenly. Both thought the noise came from the basement.

"Better go and see what that is," said his wife uneasily. "It may be a burglar!"

"Oh, I hardly think it's a burglar," Pattison said as he turned over in bed.

"Yes," his wife returned, "but then it might be. Oughtn't you to go and investigate?"

Pattison never had gone in much for burglar chasing, but he wasn't afraid of a burglar. Or if he was he wasn't going to let his wife know it. He arose from his bed and strode bravely forth, stubbing his great toe as he did so.

Then he paused to think what would be the best way to approach the burglar. He thought and thought and by and by a thought came out. He would call little Prince, Mrs. Pattison's pet dog, and have him go on ahead and bark an occasional bark. "Then," thought Pattison, "if there really is a burglar in the basement like as not he'll run before I get there."

Prince up to that time didn't know there was a burglar around.

Pattison called the dog softly: "Heah, Prince," he whispered, "heah! heah!"

Mrs. Pattison heard the hoarse whisper for the dog. "Why, George," she exclaimed in alarm, "you're surely not going to take Prince down with you after the burglar!"

"Why, er—ah—the fact is," bluffed Pattison, "I thought if I took the dog along he might help me find the burglar."

"Yes," retorted his wife, "but Prince might get shot!"

TO RELIEVE THE HICCOUGHS

Sucking Ice or Taking Salt and Vinegar Often Will Cure Simple Cases.

Simple cases of hiccough are often relieved by such measures as sucking ice or taking salt and vinegar. Pulling the tongue forward and holding it for some time is an effective procedure.

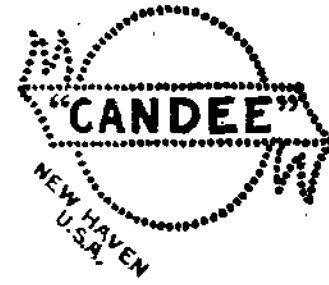

Sometimes obstinate hiccough is relieved when the patient is strong by having him hang with the arms extended and grasping some beam or pole, so that his feet do not touch the floor. With all the abdominal muscles tense, have him hold his breath as long as possible.

The spelling "hiccough" is recent, being a combination of the syllables "hic" and the latter term of "cough," which is without either physiological or etymological basis; the pronunciation, with perhaps the rarest exception, is still that of the older form "hiccup," earlier given variously—as "hickup," "hickupsnuckup," "hickop," "hickcock," "hickcock" and "hickett," with quasi-diminishing suffixes ack, etc.; but the "hick," a syllable aptly expressive of the spasmodic sound produced by the conditions giving rise to the particular disturbance, is found in all references to the origin of the term which the writer has been able to obtain. The term singultus is rarely used.—New York Medical Journal.

Aptly Described.

An Italian woman was asked in court if she had any musical instruments in her home. "No, signor," she replied, "nothing but rackets." "What?" queried the lawyer. "Rackets—the things they put in graphophones."

ADVERTISE IN THE MAIL

SELECT your fall and winter knit underwear carefully. Make sure that it possesses comfort—warmth—wear. Be doubly certain that it will fit your body smoothly—perfectly—without bulk.

ATHENA UNDERWEAR
For Women, Misses and Children

is made in firmly knitted elastic fabrics that do away with wrinkles under the corset—a great cause of discomfort in the ordinary underwear.

Athena underwear fits the figure with the smoothness of a silk stocking. It insures comfort without bulk—daintiness with wearability.

Here are some of its special merits:

A patented seat that gives extra room where room is most needed. A special stay that prevents the garment from stretching over the shoulder. An elastic cuff that holds the sleeve in place and keeps it from slipping up on the arm. Trimming put on in an improved way, giving exquisite daintiness that is not lessened by washing.

In all shapes and fabrics at the price you usually pay. Try Athena for the children. A perfect fit for all ages—from two to sixteen years.

YOUR KIDNEYS NEED CLEANING

Every Person, Healthy or Unhealthy, Ought to Give the Kidneys a Thorough Cleaning Right Now.

You clean your teeth daily. You wouldn't think of doing otherwise and yet the teeth are not one tenth so important to health, strength and a long life as the kidneys.

Do you know that the kidneys are little strainers or fine sieves, through which every drop of blood in the body passes again and again?

And when the kidneys become clogged they are unable to strain the impure matter from the blood and it stays in the blood and causes disease in various parts of the body. Take rheumatism, for instance, this terrible

disease is caused by uric acid in the blood, and uric acid gets into the blood only when the kidneys are clogged up and are unable to properly strain the impurities.

Just go to W. F. Hennings today and get a bottle of Thompson's Barosma, the most scientific kidney, liver and bladder regulator the world has ever known, take it regularly for two weeks and all the impure matter in your kidneys will pass out through the bladder, and your kidneys will be as pure and clean and healthy as any kidneys can be.

Thompson's Barosma is guaranteed by W. F. Hennings' to cure all diseases of the kidneys, liver and bladder or money back. It is a wonderful tonic and blood purifier, and will bring the glow of health to the cheeks of the sick in a short time. 50 cents and \$1.00 a bottle. All drug-gists.

I'll Look Around a Little

THAT'S what four lookers said Saturday afternoon. We were satisfied. Within an hour three of them were back and bought the shoes they had tried on, and the universal opinion was that

"Our Shoes Fit Better, Have More Style Than any in Town and Prices No Higher."

It pleases us to have people make comparison. It's the only way to tell who has the best.

Adolph Beigel

502 Fallowfield Ave.

Charleroi, Penna.

DUVALL LEADS LOCAL TICKET

Republican Ticket Shows Local Strength—Other Political Notes

David R. Duval one of the councilmen elect, was high man in the borough election Tuesday. He received 680 votes. R. C. Mountsier and W. D. Pollock came next, receiving 645 and 603 votes respectively for school director, to which each was elected.

It was not generally known that Charleroi had a woman candidate for school director. This was Mrs. Margaret Menter who was nominated by the Socialists for school director for the six year term. She received 79 votes. She received more votes than did her husband who was a candidate for council.

It was erroneously stated Wednesday that the highest Socialist vote polled in the borough was 89 for Louis Goaziou of Charleroi candidate for prothonotary. Mr. Goaziou was also a candidate for school director, and on this ticket polled 113 votes.

"Dick" Miller, district attorney elect, was high man in Charleroi on the Republican ticket. He polled 633 votes. Sheriff-elect Bert Lutton was next with 623 votes.

There were many in the valley who predicted that Coroner J. T. Heffran of Speers, would lose out for re-election. "Jimmy" however came to the front with an unofficial plurality in the county of 1,887. He received 608 votes in Charleroi against 268 for Ferguson, his Democratic-Keystone opponent.

"Bert" Lutton for sheriff proved to be the most popular candidate in the county. His plurality is 3,342. It was conceded on all sides that Bert was a winner from the start.

The State Amendments were lost in the shuffle in the borough election. Few people understood their purport, and consequently few took the trouble to vote on the question. In some of the precincts the result was so mixed up that the vote was not posted.

Joe W. Martin, who came within 50 votes of defeating Dr. A. V. Lewis of Donora for prothonotary in the county received the highest Democratic-Keystone vote in Charleroi. His vote was 332 to 502 for Lewis. "Packer" Barnum of Allenport, who will be the minority commissioner, received 330 votes, and King Chalfant of Speers, for clerk of courts, received 325 votes in the borough.

ELECTION CONTEST IS IN PROSPECT

Friends of Dr. A. V. Lewis of Donora are today congratulating him—not on his election as prothonotary of Washington county, but on his escape from defeat. With complete returns from all the precincts Dr. Lewis leads his Democratic-Keystone opponent, Joe W. Martin of California, by the slender margin of 50 votes, which the officials count may change. Had not many tickets that were marked twice for Martin, who was on the Democratic-Keystone ticket, been thrown out as defective, Martin would have been the winner.

It is stated by some of Martin's friends that he will contest the election in case he official count does not change the result. The claim is put forth that the ballots were printed wrongly, in bracketing both party names against one candidate—that the proper and legal way is for each name to be printed opposite the party it represents, no matter how many times it appears on the ballot. Another claim is that in throwing out the ballots that were marked twice the spirit of the law was not observed, which states that votes shall be counted when the intent of the voter is apparent.

Martin would not make any statement this morning. He is waiting until after the official count is completed, but it is understood that he is taking steps to at least investigate the matter.

How It Worked.

"How did that assembled car of yours work, Slithers?" asked Bildad. "Oh, like a good many other assemblies—when we got out on the road with it there'd always be some kind of a deadlock, and we couldn't pass anything," said Slithers.—Harper's Weekly.

Famous Sumatra Wrappers. Sumatra is famous the world over for its cigar wrappers, and tobacco plantations have spread to neighboring isles.

PITT HAS STRONG GAME SATURDAY

Only three more games remain on the University of Pittsburgh football schedule. Villa Nova college is met at Forbes Field, Pittsburgh, next Saturday, November 11 and the following Saturday, November 18 is the date scheduled for the annual championship clash with Washington & Jefferson in the Smoky City. On Thanksgiving Day, November 30, the Penn State eleven, conqueror of Old Penn and Cornell, invades Pittsburgh for the annual game with the Blue and Gold.

The game this Saturday with Villa Nova will be no sinecure for Pitt, according to all reports. Last Saturday the Eastern eleven held Marquette college, one of the strongest aggregations in the middle northwest, to a 0-0 score. Earlier in the season it played an 18-0 game with Penn State and was only beaten by University of Pennsylvania 22-0. It is a big beefy team which will give the best college eleven in the country a close argument.

For the W. & J. game, Pitt will have all its regulars back in uniform. Blair and Captain Lindsay will not play last Saturday and may be held out against Villa Nova also, in order that their injuries may heal thoroughly.

W. & J. bend every effort to take this game as Pitt has won for the last two years. The Red and Black has one of the best teams this year in its history. All of its varsity players who did not participate in the West Virginia game last Saturday will be in the fray and from a distance, it looks like anybody's game.

Tickets can be ordered by mail from Graduate Manager L. B. Hurst, 1262 Frick Annex, Pittsburgh. The kickoff of all remaining games will be at 2:30 o'clock.

LOCAL MENTION

Mrs. J. W. Hunter, Mrs. R. C. Mountsier and Mrs. E. C. Niver are spending the day at Elizabeth, the guests of Mrs. Albert Walker.

Born—To Mr. and Mrs. Ed. G. Weltner of Uniontown, Tuesday, Nov. 7, a son.

Rev. H. M. Chalfant, Pennsylvania editor of the American Issue, is here today to visit relatives and to look after matters pertaining to his work.

William Damson of Uniontown, visited relatives in town this morning.

Mrs. H. Lewis of Washington avenue is spending the day in Donora visiting her daughter.

L. P. Flickinger was a business visitor this morning in Donora.

Mrs. S. T. Franks and son Samuel, and the mother of Mr. Franks went to Columbus, Ohio today to visit friends.

Mrs. S. K. Leonard is a visitor in West Elizabeth today with relatives.

Miss Hester Davis went to Clairton this morning to visit friends.

James Blythe was a business visitor in Donora this morning.

Outspoken Youth.

On a recent railway trip a boy of perhaps seven years and his mother occupied the "cat direct" in front of me. The boy kept up a running fire of questions as to the name of the next station. The mother was either unfamiliar with the name or too indifferent to be accurate.

When the station was reached the boy demanded the name and on receiving the correct answer said: "You told me a lie before." A similar conversation was several times repeated, the boy each time saying, "That's another lie," and finally he shouted: "You've told me lies ever since we started." A man seated near, becoming exasperated, leaned toward the boy and in a threatening tone said: "Young man, if you don't keep still a while I will throw you out of the window," and the boy, boldly facing the man, said:

"And that's another lie!"

London the Greatest Market. London is the world's greatest market for tea and ivory, said Mr. J. G. Broadbank of the Port Authority at the Society of Arts, a few days ago. Each year 120,000 tons of tea and the product of 20,000 elephants reached London. Forty million sheep's fleeces pass through the dock annually. In the warehouse 100,000,000 cigars are stored, and in another 2,500,000 tons of rum.

Starts Much Trouble.

If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or virulent liver trouble they would soon take Dr. King's New Life Pills and end it. It's the only safe way. Best for biliousness, headache, dyspepsia, chills and debility. 25c at W. F. Hennings.

HUNGRY EDITORS TO GET FEED AT DONORA

Members of Valley Press Association Get Ready for Meeting

Notices have been issued by a committee of a meeting of the Monongahela Valley Press Association to be held in Donora on Saturday evening. Supper will be taken at one of the local hotels, the newspaper men to be the guests of Editors R. E. Koehler and Will H. Watson of the Donora American.

WATCHING STEEL FIGHT

(Continued from first page.)

amount. The preferred and common stock might be exchanged for shares in the same subsidiary companies, but in all cases the new shares would represent the same value and earning power as those to be withdrawn.

The same rule is applicable to the shares of corporation stock held by employees of the corporation as they would be given an equal value in shares of the various underlying companies and the division would be probably along lines they desired. From a sentimental viewpoint it is expected that there will be more or less fluctuation of the value of the shares on the stock markets. The same will be shown, it is said, in the value of bonds. But even in this it is believed that the disturbance will be short lived.

The Conscience of Clara.

One day when Mrs. Bell was making a neighborly call on Mrs. Ellis, the latter, in the presence of her caller, discharged her colored maid, whose obstreperousness could be borne with no longer.

A few weeks later Mrs. Bell again called on Mrs. Ellis, and to her surprise her hostess informed her that Clara was back.

The services of the maid were required by her mistress, who pressed the button in the drawing room. There was, however, no response. Finally Mrs. Ellis went out and waited on herself. While she was gone, Clara, who was acquainted with Mrs. Bell, having served in her family also, put her head in at the door and explained:

"Mis' Bell, I heard Mis' Ellis all the time, but do you recollect the last time you was here she discharged me, an' said she'd never have me again? I said I'd never come back, too. But here I am, so we bofe lied. That's why I'm ashamed to come in. I was ashamed for bofe of us!"

Swiss English.

Swiss English always seems designed to round off the scenery with the touch of humor. For years the best in the writer's collection has been an inscription by a path leading to a waterfall near Melringen, which explained that a toll was necessary for "the fondation and untainting" of that path. Until last month, however, there was nothing quite equal to the Strasburg cathedral notice: "Express interdiction to circulate during divine service. Beadle have to preserve order." But Switzerland has at least tied with Germany now in the collection. In a certain Oberland valley, too unspelled yet to be given away by name, there is a series of gates which bear a short request in Oberland German to the wayfarer to close them. And twice it is translated into English "Shut up!"—London Chronicle.

L. ked the P. t.

Sir Thomas Robinson, a wealthy Englishman of the last century, was a tall, uncomb man, and his appearance was rendered still more striking by his hunting dress, which consisted of a tight green jacket, buckskin breeches and a fur cap. He once set off in his hunting suit to pay a visit to his sister in Paris, and he arrived at the house while there was a large company at dinner.

The servant announced "Monsieur Robinson," and in walked this remarkable figure, to the amazement of the guests.

One of the French abbé, lifted his fork three times to his mouth and each time laid it down without tasting the food. Unable at last to restrain his curiosity he burst out eagerly:

"Excuse me, monsieur, are you the famous Robinson Crusoe, so remarkable in history?"

Vast Wealth Wasted.

According to the American Machinist, it has been estimated that there is lost annually more than a million and a half barrels of oil by the burning of oil wells.

Card of Thanks.

We desire to express our heartfelt thanks to our friends and neighbors who so kindly assisted us during the sickness and death of our son George. All are gratefully remembered, particularly those who so kindly sent flowers.

Mr. and Mrs. W. A. Roundstone and Family.
